

Welcome to your personal mentor program with Tracy Repchuk, winner of the 2007 New Internet Marketing Success of the Year, and International Platform speaker, mentor, and motivator.

This program gives you what you want – the ability to make money while you sleep, and a foundation that you can use for every idea you have. Once you have this in place, it's a matter of plug and play.

Many lessons also include camtasia video backup, extra reference and ebook materials, affirmations to keep you focused, and life lessons to help keep you organized.

GET IN BEFORE THE DOORS CLOSE FOREVER! I am going to be changing the program soon, and it won't be providing all that you get now.

The value of this program far exceeds any other of its kind. It includes all sorts of bonus options that get announced as the program weeks go on. Access and discounts to tons of other events.

You will be getting top quality training, direct access mentor support, an interview product to a live audience, direct sales copywriting reviews, and support that I haven't seen in ANY program I have ever participated in, especially given the cost.

I charge \$1000.00 per hour for one-on-one time, and you get direct access to me for a fraction of this.

And you get the one-year jump plan security, so if you want you can jump to the next class, join in with them, and keep on learning well beyond your initial payment.

I hope to see you here taking advantage of this offer, because I know this will be the last year I give access to me for a price like this, and if you're a part of my group, that will give you the edge when you need joint venture partners and access to my higher level programs such as MillionaireMindsOnline.com – MillionaireSuccesses.com and MillionDollarMentoring.com.

You will have the most powerful foundation in the industry, and this is the way you will create the lifestyle you dream of, the freedom you desire, and the money you want.
